

Are you moving to the UK for work or study? Do you need to get a better IELTS score?

Do you need to understand British colleagues and classmates, or attend meetings and presentations in the UK.

Would you like to improve your interview skills to get a better job in the UK?

I can help you with all of this.

I've been teaching English since 2008 and I've been learning Chinese since 2004! I always make sure that my students get the best possible results.

During our lessons we will focus on the language that you need, especially on speaking. Our main goal is to improve your confidence so that you can adjust to life in the UK.

When you book a trial lesson with me, I will send you an English level test to determine which areas you need to improve. During our trial lesson I will listen to your speaking and we will develop a progress plan together for improving your English. Even if you don't decide to take lessons with me, this trial lesson will be extremely helpful for you. The progress plan that we develop will help you learn English everyday by finding the things that you enjoy about English the most.

I am a qualified teacher and hold a PGCE (Post Graduate Certificate of Education) and UK QTS (Qualified Teacher Status). I have taught English Chinese universities and Chinese and ESL in Brighton College Prep School – the UK's most prestigious school.

I am a native English speaker from the United States and a CELTA-certified English teacher.

I am a very patient and encouraging teacher, and I try to make every session relaxing and enjoyable. I am also a language learner, so I understand the challenges and frustrations of learning a foreign language.

Previously, I worked at Fortune 500 companies in New York with a focus on digital analytics, market research, and corporate communications.
